

## PROGRAMMING INSTRUCTIONS #102

NOTE - This procedure requires the presence of two working keys as well as 2 remotes compatible for programming.

1. Insert the first working key into the ignition and turn to the ON position. DO NOT START THE VEHICLE.
2. Exit the vehicle and close the Driver door.
3. Using the second key slowly LOCK the Drivers door without jerking the key in the tumbler.
4. Active the remote by pressing both buttons for a minimum of 4 seconds.
5. Lock the Drivers door again, slowly and smoothly turning the key in the lock.
6. On the second remote press both buttons for a minimum of 4 seconds to activate.

NOTE - If programming more than 2 remotes you only need to repeat steps 5 and 6 above to add a 3rd or 4th remote.

7. Turn ignition OFF and remove the key before testing remotes.
